The Mastermind Series • A DigiTransact learning platform

WELCOME

What is DigiTransact Mastermind?

DigiTransact Mastermind (also known as **The Mastermind Series**) is an online learning platform that helps you master any subject through curriculum-aligned practice, instant feedback and personalised AI tutoring. It covers every level from Kindergarten to University and is aligned to GES, BECE, WASSCE, CXC and 50+ international exam boards.

You practise real questions, earn a **SmartScore** on every skill, build daily streaks, collect badges and climb global leaderboards — all at your own pace. It's always free to start.

GETTING STARTED

Create your account in minutes

1

Try it first — no account needed

Click **"Try a question free"** on the homepage to answer a sample question instantly and see how practice works.

2

Sign up free

Select **"Start practising free"**, enter your name, email and a password. Your free Starter account is ready right away.

3

Sign in anytime

Use **Log in** at the top-right to return to your dashboard, where your progress, streak and recommendations are waiting.

4

Open your dashboard

Your dashboard is home base: see your SmartScores, current streak, badges and the next skill we recommend for you.

Tip: Learning on the go? You can install the mobile app and sign in with the same email and password — your progress stays in sync.

FIND YOUR TOPIC

Search any subject or topic instantly

Open the **Subjects** page and use the **Topic Finder** search box at the top. Start typing and results appear instantly — no need to press Enter or scroll.

Search everything

Find matches across subject names, topics, curriculum levels and related keywords in one place.

Smart matching

It's forgiving of typos and shorthand — "probablity" finds Probability, "trig" finds Trigonometry.

PRACTISE & MASTER

How practice works

1

Pick a skill

Choose any subject, then a skill. Each skill is a focused set of questions on one idea.

2

Answer questions

Work through questions at your own pace. Every answer is checked immediately.

3

Watch your SmartScore climb

Every skill has a **SmartScore from 0 to 100**. Correct answers push it up — reach **100** to master the skill. Tricky questions count for more.

4

Learn from every answer

Get instant feedback with a clear explanation on each question, so even a wrong answer teaches you something.

STAY MOTIVATED

Tools that keep you going

Daily streaks

Practise a little every day to build your streak and keep your momentum strong.

Badges & ribbons

Earn badges for milestones — first mastery, a 7-day streak, 100 questions answered and more.

Global leaderboards

See how you rank against learners worldwide, both all-time and weekly, on points and mastery.

Progress tracking

Your dashboard shows mastered skills, scores and exactly what to practise next.
